Career Objective

Analytical and detail-oriented Data Analyst with strong expertise in Python, SQL, Java, and data visualization. Passionate about building intelligent digital solutions that combine analytics, automation, and explainable AI. Seeking opportunities to contribute to organizational growth by transforming raw data into actionable insights.

Education

PSNA College of Engineering and Technology 2023 – 2027
B.Tech Information Technology *CGPA: 8.4*

Tmt. Manjammal Govt Girls Hr Sec School 2023
Higher Secondary (XII) *83.5%*

Tmt. Manjammal Govt Girls Hr Sec School 2021
Secondary (X) *85%*

Technical Skills

Languages	:	Python, SQL, Java
Visualization	:	Power BI, MS Excel
Databases	:	MongoDB, PostgreSQL
Frameworks	:	FastAPI, React.js
Tools	:	GitHub, VS Code, Swagger UI
Soft Skills	:	Problem Solving, Teamwork, Communication

Projects

HopeLink – Connecting Humanity *Python, Flask, MySQL, Google Maps API*

- Developed a social welfare platform to connect homeless and needy people with NGOs and volunteers.
- Enables users to report poverty-related cases using live location, images, and emergency details.
- Provides NGO dashboard for request management, volunteer tracking, and humanitarian support coordination.
- Supports food donation, shelter assistance, medical help, and real-time emergency response systems.

Fake Skill Detection in Resumes *Python, FastAPI, MongoDB*

- Built an NLP-based system to detect fake or exaggerated skills in resumes.
- Extracts skills, verifies them, and generates authenticity scores.
- Provides recruiter dashboard for genuine candidate shortlisting.

Smart Mother–Child Health Monitoring System *Health Monitoring*

- Developed a health platform using wearable technology to track maternal and child health.
- Captures real-time vitals like heart rate, temperature, and steps.
- Provides health tips, appointment tracking, and timely alerts.

App Review Sentiment Analysis *TensorFlow, FastAPI*

- Developed a web app that classifies app reviews as Positive, Negative, or Neutral.
- Supports review input, CSV upload, and dashboard analytics.
- Provides trend analysis and keyword insights using AI models.

Achievements & Certifications

- NPTEL Certification – Java (67%)
- Cisco Python Essentials 1 Certification
- Java Developer Internship – Pinnacle Labs (Remote)
